A page layout file contains the entire layout of the page including the text, graphics, and images contained on it. Page layout files contain a lot of information and it is.Q: UISearchBar searchBarCancelButtonClicked doesn't fire My search bar is working fine. But I am unable to handle the search bar cancel button click. The search bar cancel button click is not getting fired. Any Ideas. What I have tried so far. Added UISearchBarDelegate and implemented the delegate. Added searchBarCancelButtonClicked:(UISearchBar *)searchBar. And also tried to implement the following delegate method -(void)searchBarSearchButtonClicked:(UISearchBar *)searchBar. -(void)searchBarTextDidBeginEditing:(UISearchBar *)searchBar. -(BOOL)searchBarShouldBeginEditing:(UISearchBar *)searchBar. I am using the following method to handle the search bar cancel button click. [self.searchBarCancelButton addTarget:self 79a2804d6b
