KMSpico v4.5 - kmspico - official website - kmspicoactivator.com kmspico activator free download - "kmspico activator free download": FREE DOWNLOAD FOR WINDOWS OS. kmspico activator. 5.3 free download.The present invention relates to an apparatus for the sectioning of parts, especially large parts. The parts are surrounded with a water-tight box by suction so that the parts can be removed from the box for further processing. If a part is not properly supported in the box, the part can easily be damaged or crushed. U.S. Pat. No. 5,263,857, which is incorporated by reference herein, discloses an apparatus for the sectioning of large parts. The apparatus includes two box-like supports for the part which are movable from a loading position to an operating position. The box-like supports have a concave bottom and a concave top with a peripheral wall. U.S. Pat. No. 5,000,586, which is incorporated by reference herein, discloses a further apparatus for the sectioning of large parts. The sectioning apparatus includes an outer, box-like support with a concave bottom and a concave top with a peripheral wall. An inner support has an interior chamber with a concave bottom and a concave top with a peripheral wall. An inner support plate slides in the chamber. A cutting knife is disposed between the support and the plate. U.S. Pat. No. 4,266,730, which is incorporated by reference herein, discloses a further device for the sectioning of parts. The device includes a concave support which is movable between loading and working positions. The concave support includes an interior chamber with a concave top and a concave bottom. An exterior cutting knife is disposed between the support and the chamber. U.S. Pat. No. 3,891,104, which is incorporated by reference herein, discloses a further apparatus for the sectioning of large parts.
