## Phocasa Crack + For Windows

Phocasa, the premium, trusted and popular photo file viewing and editing program, now offers better image quality in its latest version, Version 9.0.0.0! Unlike other free photo viewers, Phocasa is designed for professionals. This software makes editing and post-processing much easier, so you can get your images the way you want them in no time! Phocasa comes with dozens of picture-editing tools that enable you to make any picture look like a pro. Use over 200 effects and filters, crop, rotate and flip your photos, improve picture quality with sharpening and smoothing, adjust lighting and shadows, adjust color or add effects like bubbles, glitter, emboss, sketch, vignette, bubblegum, graphic, pencil, etch-a-sketch and more. What's more, thanks to an advanced auto-rotate feature, you can easily rotate the image to landscape or portrait orientation. You can also adjust the brightness and contrast of the image, apply brightness-equalizing, color-temperature-correcting and sharpening filters. Plus, new Auto Levels feature allows you to adjust the image for better picture quality. But the best feature in Phocasa is the easy-to-use editing toolset. It creates the effect you want in no time. Almost all of the features can be applied in one step! No complicated options or settings. Features - Support most image formats: JPG, GIF, BMP, PNG - Easily view, resize, rotate, zoom in and out, flip, crop, adjust brightness, contrast, auto-rotate, auto-adjust and auto-levels, and much more. - Extra features: Photo frame, slideshow and animated logo - New: Auto Levels, Auto level, Auto brightness, Auto contrast, Auto color balance, Auto sharpen, Auto levels - Menu bar: Pause, Quit, Previous, New, Step, Zoom in, Zoom out, Adjust - Using the full HD screen: Widescreen - Show image size: Original or Best - Support most of the most important image editors, such as Photomerge, Auto-Enhance, Photo -Tune, Profile, 2edc1e01e8
