Q: How to create a readonly table with codeigniter? Im trying to create a readonly table, I'm doing this in the controller:

```
$this->load->model('my_model'); $data['table_data']=$this->my_model->my_function(); $this->load->view('admin/table_view', $data);
```

And in the model:

```
function my_function(){ return $this->db->select('id, name, email, phone, mail, date')->from('users')->get(); }
```

and in the view:
