# Photographic Editing: The Basics

You can take photos with your digital camera in a couple of ways. First, you can just snap the photo. That's pretty straightforward. But there are some ways that you can enhance your image after the fact. ## Slanting and Tilting a Photo

Imagine you have an old-fashioned, black-and-white view camera that produces a negative when you shoot film. With a photo printer, you can take the resulting negative and put the image on a piece of paper to print, making a printout that gives you the image with one simple and effective touch. With the new digital era, however, you can add a whole new dimension to your photos. All you need is a slider, which is a product made by several manufacturers and is used in still- and video-editing applications.

## Photoshop CC 2019 Version 20 [Latest 2022]

On the heels of a deeply anticipated bill, the Senate Finance Committee marked up the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) after House passage yesterday, May 9. Under this measure, an individual who has been convicted of a felony and cannot vote for life will be barred from food-stamp benefits for six years. If you are a food-stamp or other assistance recipient, this will affect you. Fortunately, the committee's addition of a sunset clause allows the legislation to be reconsidered during the next Congressional session. At a press conference today at MOVE! Southwest Virginia to discuss this and other critical legislative issues, MOVE! contacted its allies in the State and national Food & Water Watch organizations to call on state and federal representatives to once again press the House and Senate to drop this provision. One of those allies was Bob Fuchs, of the Piedmont Community Food Bank, a leader in the Food & Water Watch network of groups that deliver food to low-income people. "There is no need for this clause in the legislation," Fuchs said. "It is bad public policy and the impact of it will be deeply felt by the poor and working families of Virginia. The legislation that was passed in the House of Representatives was a far better approach." Most food stamps are distributed through the Supplemental Nutrition Assistance Program (SNAP), which is administered at the state level. The PRWORA provision would prevent some aid recipients from being able to vote for six years after they've been convicted of a felony. "PRWORA has been used by conservatives to deal with the problem of a felony record with SNAP," said Mary Kay O'Hara, vice president for advocacy and policy for Food & Water Watch. "The legislation was written narrowly in the name of being punitive. It was in the form of a rider, bypassing the Senate's review and approval. So there has been no Senate debate, no Senate amendments or changes in the provision. So its restrictions are very narrow and its impact on food assistance is also very narrow." O'Hara also noted that the original PRWORA did not include a provision that would exclude those convicted of a felony from receiving federal child support collection. Now the committee and the House have agreed to include that provision, but with an added requirement that the individual must be a parent. ♦
