In areas it controls, al-Shabab enforces its own harsh interpretation of sharia, prohibiting various types of entertainment, such as movies and music; the sale of khat, a narcotic plant that is often chewed; smoking; and the shaving of beards. Stonings and amputations have been meted out to suspected adulterers and thieves. The group bans cooperation with humanitarian agencies, blocking aid deliveries as famine loomed in 2017. If you thought your internet speed was fast, you ain't seen nothing yet. Last November, Google launched its internet speeds test, showing a mind-boggling download of 49.8 Mbps and upload of 4.4 Mbps. There are many business cards out there that offer a number of free business card templates. The top contenders are Vistaprint, The Card Store, Shapes, and veezy. The number of design choices that you have with veezy is more than what the other two card catalogs offer. This is the result of a plan. A plan to create the place for my daughter. She will be a part of this place and this plan, a big part of everything. A deep and dark secret. A plan to have her taken away from me and have her raised elsewhere and have her be happy. I am her mother, am her mother. In all ways, I will bring her up. I am not her father, but I will be her father. It is in this new world that she will wake up each day with a new name and a new bed, possibly a different people around her and all those things that I have made sure she will be free of. My daughter will be left alone. She will not be alone. She will be with me. But not only will she be with me, she will be free and happy. It is in this plan that I leave her in a different place and stay on and I watch from afar. I watched so that it was done. I watched until I couldn't watch anymore. I watched until it was done.
