Multisim v11.0 Keygen for v11.0.1 addedHi all, didn't expect the crack should be so obvious. I actually modified the old keygen v10.0 released by F4CG ... Like this. Now his code can be used in new versions of Multisim and . I don't know ... new versions of Keygen. I will leave both of them on the site just in case. P.S. The crack works on Multisim v11.0 and on Multisim v11.1.0 and v11.1.1 except Multisim v11.1.3. P.P.S. And the last: there is a version Multisim v11.0.10 for Windows. But it has no support for multi-core processors and multiprocessor systems. So no matter how you look at it, multisim v11.0.1 is the most suitable product for this version of the system.
