
Moms And Sons Sex Stories

my parents divorced when i was a toddler. this was one of my first years of knowing what sex was. i think i was ten or eleven at the time. i was too young to comprehend the emotions that were stirring in me, but i did sense something exciting going on. my little brother is fifteen years younger than i. his first time was during our third grade year. i told him that once we got to my house, i was going to show him. he still remembers that, but then we skipped that class and never talked about it. in high school, i remember our mom taking us to a dance with a gay club. we were at the bar when we heard a female voice. she was telling us what was going on with her and her boyfriend. she was working a few nights a week at a hotel and that was where we heard about the restrooms, showers, and the party she had going. after some years, the boyfriend made a gay video for her. she was very excited about it, and she was on his bed one night. i remember my brother and i were upstairs watching, and i told my dad, "look, that's my mom having sex with our dad." at the time, i had trouble understanding how this could happen. my guess is that we were all hanging out in the living room, i was upstairs, she came in and gave my dad a blow job, and he licked her pussy and then she sucked his cock. she would then go downstairs and suck us all off. this was around the time that my dad and my brother were getting divorced. our mom could sense that we were not happy. she told us that she wanted us to go over to her house and not to tell anyone that we were going.

Moms And Sons Sex Stories

i was a toddler and knew what was going on. whenever i was alone with my dad he was kissing and getting on top of me. my dad was 53 and a very active man with a very large penis. he was an electrician with a bigger than average penis. my dad was also a good looking guy with his hair and beard thick and short. i could always tell when he was going to try to stick it in my little pussy, he would stand up and put his leg up on the arm of the couch and sit closer to me. as soon as my mom

left the room and i was alone with him i would run out of the room and tell my sisters, "they are using me daddy is using me." i knew what they were talking about and i sure did not want to give him any help at all. my mother and i were very close. i had a bad imagination as a young kid. i was once on my mom's back rubbing my legs on hers, at that time i was only 5 years old. so my mom called for my dad and mom, it was very loud. my dad came and my mom was behind him and she stopped, i called to my dad again and my mom said "shut up and get in the closet." i said,

"please no, it is too embarrassing." my mom said, "get in the closet or you are gonna get spankings till your ass red. i looked at my mom with her hands on my dad's shoulders and i was sobbing and begging. she said if i get my dad upset, i will be the first one who gets spanked. so i got in the closet. i tried to hug my mom but she pushed me away and said "if dad gets upset, then i will spank you" and at that point my dad was at my moms door she shut it behind her. my dad raised his hand and slapped my ass and it hurt so bad i was so scared. then my mom said, "get

in the bath tub." i got in the tub and my mom said, "you owe me \$3.00 you spent it on your dad's lunch" so i took out my money and she got a bar of chocolate for me. i always remember the way she said, "you owe me \$3.00" it made me feel so embarrassed.
