HADINON is developing the new fantasy action RPG "The Elden Ring -A Vane-". The pre-orders will come with in-game items as follows. \- Wrapped in the Myth of the Elden Ring \- The Royal Secrets of The Elden Ring #Technology #Vane #RPG I've done it, it's time for my next book - G.I. Joe - Epic Collection II: Code of Honor and Code of Silence coming to a store near you on Oct 1st (Or you can just pre-order it on Steam, because the G.I. Joe books are all a bit similar.) Anyway, this isn't really a book I'd recommend to those on mobile devices (like phones, etc). It's more like a giant, cherry-picked, book-sized, Joes hitting the streets that's more suited to PCs / consoles / etc. So make sure you pre-order your copy at DriveThruRPG.com if you've been wanting to read about what happens when you mix and match Snake Eyes, Duke, Storm Shadow, Scarlett, Ripcord, etc. If you just can't wait until the 30th to order it, you can get it digitally here on Oct 7th. And also make sure you let me know what you think in a review! October 1st will be when the US version of the Collector's Edition comes out. :D I also have a US version lined up, but the actual physical thing I'll be getting won't be till October 4th. And to celebrate I'm going to release two of my new 'No Quarter' stories! So start reading at 8:00 AM Pacific on October 1st when the US version of the 'Code of Honor' material comes out. And I'll have all of that for free, because you want it. Judo, and your journey to the SDCC. I'll update

again later. #Japan #SDCC #HALFORD #JUDO Well, yesterday was the start of

DaedalusSoft's Moebius: The Land Before Time X FOR THE DS is a JRPG for the Nintendo DS system based on the 2007 video game from Sony Online Entertainment. The game is available in North America via Q-Games's website and the European website for the game is Edelweiss. For the Nintendo DS, the game was released on November 4, 2009. Pre-orders from the U.S. have a small Japanese artbook and an extra bonus dungeon. If the game is not pre-ordered, the artbook is bundled free with the game. The Japanese

website also had the trailer. In Europe, the trailer was released alongside the Japanese game, but the release was the same as the U.S. version. The artbook comes in English and Japanese, as well as an English translation of the Japanese in-game text. The Nintendo DS version runs at 30 frames per second for Japanese and English, and 24 frames for the French text. MATCH THREE is playable in the game. MATCH three is a tile-matching game. In match three, player boards are divided into tiles of 3 x 3 pixels. When a 3 x 3-pixel tile is placed on the board, you can see the rows and columns of the tile, its color, and its type. The tiniest tile has its own category, such as objects, special tiles, and tiles with hearts. "MATCH three was one of my favorite games while working on the Moebius: The Land Before Time X game. And we decided to incorporate it in our game as well." Said Dr. Yudai Naka at the Moebius: The Land Before Time X press event held at Toyoko-Kawasaki in Akihabara. — — — — — — — — — — — — — — — — —

It's hard to imagine San Diego County's top three dozen registered sex offenders not being required to install tracking devices on their body. Maybe you're not as enthused about the idea as others. However, in a case decided by the San Diego County Board of Supervisors, 15 registered sex offenders could now be looking at jail time and up to 25 years on probation for their infractions, including the failure to report a change of address, a change of employment, or the receipt of mail at a new address. As outlined in this case, the powers and penalties involved in the case for them and those other two dozen offenders: Anyone convicted of failing to update a registration declaration on the California Sex and Probation Offender Registry (CSPOR) will be in violation of three specific requirements: Every time their registration declaration must be updated by the end of the calendar month. They will be required to report changes of address to their local law enforcement agency. They must notify their probation officer of any changes in employment. Any probationer who fails to do any of the above will be in violation of the terms of their probation, and be subject to criminal penalties. It's a mixed bag of expectations on the non-compliance of registering with the State of California. People on probation aren't to be trusted, said the judge. As such, reporting to law enforcement is the way forward, said the judge. Yet, there is no penalty for a registered sex offender who fails to report to law enforcement, although it is required. However, residents in the affected area of Menifee have been seeing a slight increase in the number of sex offenders, albeit
