Official music video by Tetsuo and Youth for Dear Green Planet. Speaking in tongues, the springing of Spanish and Arabic in a nation that is otherwise linguistically English seems less like the exception and more like the rule. It's easier to get into Europe when you know the language of their football team; it's easier to get a job, time in jail or sell marijuana in a border town. The world of migrant business can be an unsavory one, but the sounds of the language become much more rewarding in the hands of an expert. In this fast-paced, dynamic musical review of Spain's far-reaching language crisis, Oscar nominee Javier Bardem brings the ground-breaking film DearGreenPlanet to life as a confrontational and virtuosic performance that will leave you changed. However, use of a PPI in patients who are about to undergo endoscopic examination such as gastrointestinal endoscopy, upper gastrointestinal endoscopy, or colonoscopy is uncommon. We conducted a prospective, double-blind, placebo-controlled study to evaluate the therapeutic effect of PPI use on stress ulcer occurrence after gastroduodenoscopy among patients undergoing gastrointestinal endoscopy in 2012. Of the total of 283 patients undergoing gastrointestinal endoscopy, 162 participated in the study. They were randomly divided into a PPI group (n = 82) and placebo group (n = 80).
