I was doing something like this from visualStudio.App.pyproj import PyPROJ_API, prjCPL prjCPL.load('name.prj') crnFile = prjCPL.console_rundialog() crnFile.show() And I got Traceback (most recent call last): File "C:\Users\Desktop\CRN%20Tool\CRN%20Tool\src\components\console.py", line 8, in from pkg_resources import resource_stream ImportError: cannot import name resource_stream solved that problem, by deleting offending directory A teenager who attempted to escape from Kew Police Station by jumping out a window has been charged with attempted murder. Shahid Abdul Hamid, 16, pleaded not guilty in the Melbourne Magistrates' Court to two charges of attempted murder, two charges of attempted causing grievous bodily harm and one charge of assault occasioning bodily harm. He had allegedly assaulted a 33-year-old who had his arm broken after he allegedly tried to wrestle the teen to the ground at the station in Clarendon St on Monday. The Melbourne Magistrates' Court heard during Monday's hearing that Abdul Hamid had allegedly been assaulted and sustained a broken left arm. Outside court, the 26-year-old victim said his arm was "almost three inches" shorter than it should be. "I just want to get on with my life," he said. "It's just a really good distraction to [be] here." Abdul Hamid, who had been remanded in custody, was refused bail after a magistrate found there were concerns for the victim's safety.Diff 648931e174

runtime error at 1 0 cannot import python project Does this happen with other modules (like scipy etc) as well? If not, then we need to figure out which is triggering it by just print sys.version. In case of a python runtime error, this should help narrow down the source of the error:Â . runtime error at 1 0 cannot import python project Hmm, that would be Python 2 or Python 3. Try checking the version of Python by going into your command prompt, typing "python" and pressing Enter. If that errors out you need to try another 2 or 3 compatible Python version.
