An esters normally have greater volatility and affect the flavor of the product in which they are contained. Thus, a need exists for an ester composition which has a reduced volatility when employed as a flavoring agent. The need exists for an ester composition which provides both a tasteful flavor and a low volatility. U.S. Pat. No. 4,872,444 discloses the use of ethyl cinnamate as a flavor agent for foods and beverages. However, the ethyl cinnamate volatility in a liquid flavoring agent composition tends to increase as storage progresses over time. The present invention provides a method and composition which meets the above needs. It has now been found that there is a less volatile ethyl ester flavor which is obtained from citronellol and cinnamic acid. The volatility of this composition is comparable to that of less volatile propyl and butyl esters. Catalonia to host Madrid's 2020 Olympic games Published duration 3 March 2014 media caption Team GB's Greg Rutherford given history lesson in Catalan flag The Spanish region of Catalonia has won the right to host the Olympic Games in 2020. National government leader Mariano Rajoy said the move was "a very important and positive factor for Spain". It is the second time Catalonia has hosted the Olympics; Barcelona was chosen for the 1992 Games. Crowds of flag-waving Catalans had gathered in Barcelona's Olympic centre to celebrate the decision. The decision was approved by the International Olympic Committee (IOC) after the Spanish government promised that more than half the games would be staged in the country. Catalonia's regional president Artur Mas, speaking in front of tens of thousands of flag-waving supporters, said the decision had been "a victory for democracy". The government of Prime Minister Mariano 6d1f23a050
