An extended multi-touch keyboard for your touch screen. It's like using a computer keyboard when your hands have grown tired of the small screen and flat-touch surface. Multi Touch allows you to zoom in, scroll, and swipe all from one screen. Designed to fit a range of hands of all sizes and shapes, the ergonomic Multi Touch keyboard includes a raised trackpad and ergonomic QWERTY layout, making it a perfect companion for tablet use. Multi Unlocker is a tool that will aid you if you have a locked bootloader on your Android device, so you can download the bootloader unlock application and root your phone. You can use this program to reset your rooted or bootloader password and make changes to your device or remove the so-called FRP lock or the nVidia lock if you have problems with your FRP or nVidia driver installation. To use this tool you need root access on your Android device. You must have a recent version of Android installed on your device (after 8.1.0). If this requirement is not met, please try another tool, as this one may not work. 99% of modems of Huawei, ZTE, Micromax, Alcatel comes locked to a particular network. So that no one can use another network provider sim in his modem.
