"One of the best turn based RPG you can play!" - Niche Gamer

**"The first choice when it comes to turn-based tactical RPGs, Elden

being the RPG game that has been oft-pined for on other platforms." -
GameSpike**

**"A competent and unique take on the turn-based game genre with a
striking art style, a nice combat system and interesting characters." -
Eurogamer**

**"With a time period that spans centuries, a setting akin to many classic
fantasy tales, and a complex card game with a fun RPG twist, the concept
of Elden Ring is plenty interesting. While it doesn't really add anything
new to the turn-based RPG**
